Hi All,

It's coming up real soon now!

We are at 142 people, 47 of which want to make comments. There are 3 reporters in the group as well (highlighted on the attached list). As a reminder the room holds 200 with the existing chairs, can max out at 250 but we would have to rent the additional 50 chairs from an outside vendor.

How do we want to order the people who want to comment? I can put them in the order they registered, that seems the most logical to me. If you want we can put elected people first, but I don't know about the optics of that, giving them preference over the rest of the population. (And someone would have to help me out with who you deem is 'elected' ie. does a city manager get treated as an elected official even though he's an employee, etc.)

I can make yellow name badges for the press if you want to make them easier to spot.

The handouts you are talking about wanting there, is EPA copying and bringing those or is that something you need ERG to do (Cortney/Jenny chime in if you think there's a budgetary issue with ERG copying). I am planning on shipping all my materials down on Friday for arrival Monday. So if I need to copy anything it would be great to have it COB tomorrow or before noon on Friday at the absolute latest.

We can talk through this tomorrow, just wanted to throw it out there now!

Have a good evening!

Subject: public hearing handout and run of show

Attached is the draft public hearing handout. I attempted to get all relevant information on to one page (front and back). I am not sure what content will ultimately be included in the handout, but I would like to get your comments anyway.

Also attached is the draft run of show. It is not a handout and is for internal planning purposes only.

Please provide comments on both documents by January 22nd at the latest.

I appreciate your help.
